CHAMPION, ALBERTA THURSDAY, SEPTEMBER 12 1940

NO. 34

## 'JOCK'S WAGGIN' TONGUE

Vol. 4 Thur Sept. 12 No. 34

Jock McIntyre, Editor

Champion has room now for another 3 bushel quota and with other things getting another 5 bushel quota, there should be cars made available to put another 5 bushel an acre in storage in local elevators soon.

See the new 1941 Philco and Westinghouse radios on display. They are tops.

While in the last week harvest has been at a standstill, another 5 or 6 days good weather would finish a lot of Champion's crop which is the biggest that has ever been harvested here.

Miles Pharis had so much wheat that he had to quit farming and we understand he's on the bread line. Best of luck Miles and Mrs.

Yes, we have grain elevators 16ft 600 bus. capacity complete for \$86.50 and delivery now.

Mrs. W. R. McRea is home from the coast looking fine.

To our customers who have looked after their accounts we again say thank you. If you are not listed among those we suggest that you be a good duck and look after your Bill, you have the first quota in and the price is not going up.

Turk Matlock is back, looking and feeling fine. Turk says Champion is the world's bright spot.

Our stock of radio batteries are both complete and fresh. So why not give the old set new life

Ed. and Mrs. Fisher left for Big Timber, Montana, Tuesday and expect to go down to California.

Folks we are not acrobats and consequently are having trouble making both ends meet. Wont you give us a hand by paying your account?

Buy Second War Loan Bonds now, the empire needs Your help.

### Davey—Ireland

A quiet but pretty autumn wedding was solemnized at St. Augustin's chapel on Saturday, September 7 at 4 p.m. when Rev. P. C. Wade united in marriage Dorothy McMurray, second eldest daughter of Mr. and Mrs. Norman Ireland of Climax, Sask., and Cyril George, youngest son of Mr. and Mrs. James Davey Sr. of Carmangay in the presence of immediate relatives.

The bride was smartly attired in an air force blue with white, afternoon dress and navy blue accessories.

Mrs. Dick Parker, sister of the bride as bridesmaid was attractive in an afternoon dress of navy blue sheer with white accessories.

The groom was supported by Dr. Dick Parker. A wedding luncheon was enjoyed at the home of Mr. and Mrs. Parker, where Mrs. George Parker and Mrs. H. Weymark presided over the prettily appointed tea table, the bride cutting the wedding cake.

Out of town guests were Mr. and Mrs. James Davey Sr., Mrs. James Davey Jr. and Miss Janet Ireland, of Carmangay.

After a short honeymoon the happy couple will reside at Vulcan. Miss Ireland, R. N., has been matron of the Carmangay hospital for the past three years.

Evelyn Kramer is leaving Saturday for Calgary where she will attend Normal.

Miss Ruth Depue is going to Calgary Friday to attend Henderson's Business College for refresher course.

Mrs. R. P. Butler from High Prairie is visiting her son, A. K. Butler.

L Koole of Lynden, Wash. has been visiting at the Vers luys home.

Basil Benjamin of Seattle is visiting at the home of her sister Mrs. C. G. Taylor and Mr. Taylor.

Mr. and Mrs. J. D. Henderson and family were in Milo Sunday at the home of Mr. and Mrs. Gil Williams.

Mr. and Mrs. Edwin Fisher and child left Tuesday for California where they expect to be for the winter.

Mrs. W. R. McRea returned to town Saturday from the coast where she has been with her sister who is ill, she will go back to her in two weeks.

About a hundred gathered at the Pharis home on Saturday evening in a surprise for Mr. and Mrs. Miles Pharis who are leaving this week for Calgary, where Miles has a position. It was just a social time as there were so many, lunch was served and a presentation was made of a set of dishes to them as a farewell gift.

### Two Thirds Subscribed

Canada's Second War loan subscriptions have reached total of two hundred and one million nine hundred and forty nine thousand and five hundred dollars leaving a margin of more than ninety eight million dollars before the object is reached. National subscriptions from institutions and corporations have exceeded the total reached in the First War Loan but private subscriptions have not yet assumed proportions to assure success for the loan. The Minister of Finance has broadcast an appeal to all Canadians to take their place and support the loan. He said, "This is an opportunity for the many to show how they feel about the few whose courage is winning the day for us all."

Rallying to support the Navy League of Canada in its work of assisting widows and orphans of men of the Merchant Marine and their dependants, maintaining Sailors' Homes and Institutions in our large Canadian ports from coast to coast and looking after the welfare of the Seamen when ashore; training boys and young men and helping to make better Canadian citizens of Champion subscribed \$11.50 to this cause in a recent campaign here conducted by Fred Cooke, Organizer of the Alberta Division, 1107 15th Avenue West, Calgary.

The funeral service was held in the United church Saturday afternoon of Thomas William Fowler who died in the local hospital Thursday September 5 at the age of 80 years. The service was conducted by Rev. R. T. Harden assisted by Rev. Kenneth Bunting of the Bowville Pentecostal church. During the service a duet was rendered, The Old Rugged Cross. Interment was made in the local cemetery.

Mr. Fowler had long been a resident of the district, then went to the States and returned two years ago to live with his daughter, Mrs. H. Blue, on the death of her husband.

Two sons survive, Percy living here and Tom in Iowa, and one daughter, Mrs. Blue.

Mrs. Bright Robinson was a Champion visitor on Tuesday.

Champion was allowed another quota of three bushels today

In the article re the Victory Wheel last week it should have twenty five not seventy five cents.

Miss Lona Stevenson is leaving for Calgary next Friday where she will attend Garbutt's Business College.

## Alberta Publishers Feted At "Wonderful Waterton"

When the Alberta division of the Canadian Weekly Newspapers Association gathered at Waterton National Park on Saturday, August 31, this group picture was snapped by the Herald's cameraman. The convention delegates and their wives were guests of the Lethbridge Herald at a luncheon at the Prince of Wales hotel and it was at the hotel that the picture was taken. Senator Buchanan, host for the

luncheon, is shown on the extreme right. The group also enjoyed a cruise to the head of the lakes arranged by the Canadian Rockies Hotel Company, Ltd., operators of the Prince of Wales hotel, who also arranged an interesting Indian powwow featuring Blackfoot Indians from Glacier National Park, Montana.

### Red Cross Again Appeals

In this issue we carry the first of a series of advertisements calling upon the people of this district to support the national drive of the Canadian Red Cross and we feel sure that the response will be satisfactory.

Little need be said on behalf of the Red Cross. True we were told during the last campaign in Champion of some practices during the last war which was not in the interests of the Red Cross or the Canadian people but we have now come to hear of similar instances in the other agencies which endeavored to serve in France. In other words if there were wrongful acts carried out it is not the society which is to blame, but those individuals who took advantage of their fellow Canadian soldiers. And in the cases of the Salvation Army, Y. M. C. A. and other service units the same is true. This time, however, no chance is being taken as the supervision is greater.

Our point, however, is that despite any past experience the work of healing the wounds of those who fall in the battle for our freedom is surely a cause which solicits a response in every heart. People of Champion and Carmangay through their own patriotic or religious bodies will do their part, as in the past, in making it possible to continue the good work being done by the Canadian Red Cross in England.

### Support Your Local Merchants

Support your local merchants, at this time of the year they need it more than ever, they have helped to carry you along with what you needed during the summer months. True, owing to conditions, only a small quota of your crop can be sold at the moment, therefore make provision to give them a portion of what you receive now, and thus keep up the goodwill between you by supporting your local merchants.

#### Selecting Ewe Lambs

There is a campaign under-  
way, in connection with Cana-  
da's war effort, to increase sheep  
production by salvaging ewe  
lambs that would otherwise go  
into the feed lots this fall. In  
order that the outcome of this  
may be successful in the main-  
tenance of the quality of breed-  
ing stock, some care must be  
exercised in selecting ewe lambs  
for this purpose. Naturally the  
rancher producer of such lambs  
will have selected what he con-  
sidered the best for replacement  
in his own band, but neverthe-  
less there will be a large number  
of good ewe lambs for sale.

A small ewe lamb, providing  
it is thrifty in appearance and  
not a "bum" will be quite suit-  
able if it is well fed during the  
winter and has an opportunity  
of growing to its maximum capa-  
city. All lambs, whether small  
or well grown should be care-  
fully selected for body type.  
While wool is always useful and  
is a war time necessity, the fact  
remains that in any year the re-  
turns from the sale of lambs are  
greater than from wool, so con-  
sideration should get first con-  
sideration.

Without question many good  
ewe lambs will be available this  
fall and it only requires a little  
care in selection to ensure ob-  
taining lambs that will develop  
into good breeding ewes.

### Huge Expansion Seen In Canada In 1st War Year

Excerpts of speech by Col. the Hon. J. L. Ralston, Minister of National Defence, to the Canadian Club in Montreal

#### THE ARMY

Then Canada had 4,500 troops available for service in Canada and overseas.

Now the Canadian Active Ser-

vise Force numbers 155,000.

Then there were no troops outside Canada.

Now the C. A. S. F. is in England, in numbers equal to nearly three divisions, or about 40,000, in Iceland, Newfoundland and in the Caribbean. Over 100,000 are available in Canada for service anywhere. In addition 60,000 will train with the Non-

Permanent Active Militia, about 300,000 men will receive 30 days training each year in 13 militia training centres.

Then no provisions had been made for home guard. Now the Veterans Guard of Canada counts 29 companies.

#### THE NAVY

Last September the Navy had 1,700 officers and men. Now it

has about 10,000.

Then the Navy had 15 ships. Now it has 113, with 100 more being built.

Four destroyers of the Canadian Navy are in service with the British Navy.

The Canadian Navy is doing most useful and effective service in connection with convoys. These are organized by the Can-

adian Naval Service and their ships form a substantial part of the escort. About 2,300 ships have been convoyed during the year, bringing troops, food and munitions to the British Isles, without the loss of a man, a gun or any part of the munitions.

#### THE AIR FORCE

Last September there were 4,000 officers and men in the Royal Canadian Air Force.

Now there are about 25,000.

Then no units of the R.C.A.F. were serving overseas.

Now three R.C.A.F. squadrons are fighting side by side with the R.A.F. in Great Britain, with a fourth squadron in the R.A.F. composed entirely of Canadians.

The R.C.A.F. is doing a difficult job well in administering the British Commonwealth Air Training Plan. At present at about 75 different locations across Canada, initial training schools, elementary schools, bombing and gunnery schools, wireless schools and advanced training schools are in operation or springing up almost overnight with airdromes to match.

#### INDUSTRY

Last September Canada's aircraft production barely ran into double figures.

Now Canada has a production of 4,000 planes a year in sight and plans for increasing that figure.

Five thousand airplane engines have been purchased in the United States. Nine Canadian firms have been put into production of components and assembly of planes, with Federal Aircraft Limited formed by the Government to coordinate their work. Production was stepped up or initiated on six types of training planes and five types of fighting planes and bombers. Then Canada had no tank production. Now this production initiated to a total of orders of \$63,000,000.

Bren gun production has been doubled.

Plants are under construction for the manufacture of Lee-Enfield rifles, Browning aircraft machine guns, submachine guns, 2 pounder anti aircraft guns, and carriages, Bofors anti aircraft guns, 3" anti aircraft guns, anti tank rifles and aircraft cannons. Twenty five pounder guns go into production almost at once.

Fourteen plants are producing shells and orders for component of these munitions are being filled. \$70,000,000 worth of order have been placed for ammunition and \$33,000,000 will be placed shortly.

Expenditures totalling more than \$165,000,000 are being made to construct or enlarge 100 major plants.

Annual value of output is expected to run to \$800,000,000.

# DOMINION OF CANADA SECOND WAR LOAN \$300,000,000

*The Bank of Canada is authorized by the Minister of Finance to announce the offering of a loan to be issued for cash in the following terms:*

## 3 Per Cent Bonds due October 1, 1952

Callable on or after October 1, 1949

**Issue Price: 98.75% and accrued interest  
Yielding 3.125% to maturity**

**Denominations of Bearer Bonds: \$100, \$500, \$1,000**

The proceeds will be used by the Government to finance expenditures for war purposes.

Payment is to be made in full against delivery of interim certificates on or after October 1, 1940.

Principal and interest will be payable in lawful money of Canada. Interest will be payable without charge semi-annually at any branch in Canada of any chartered bank. The Bonds will be dated October 1, 1940.

*In accordance with the announcement made by the Minister of Finance on August 18, 1940, the Bank of Canada has been further authorized to announce that applications will be received to convert Dominion of Canada 4 1/2% Bonds due September 1, 1940, which have not yet been presented for payment, into an equal par value of additional bonds of the above issue. The 4 1/2% Bonds accepted for conversion (with final coupon detached) will be valued at 100.25% and the resultant cash adjustment in favour of the applicant will be made at the time of delivery of the new Bonds, on or after October 1, 1940.*

Cash subscriptions and conversion applications may be made through any approved investment dealer or stock broker or through any branch in Canada of any chartered bank, from whom copies of the official prospectus containing complete details of the issue may be obtained.

The Minister of Finance reserves the right to allot cash subscriptions in full or in part.

*The lists for cash subscriptions and conversion applications will open at the Bank of Canada, Ottawa, at 9 a.m., E.D.T., on Monday, September 9, 1940, and may be closed at any time at the discretion of the Minister of Finance, with or without notice.*

OTTAWA, September 6, 1940.

Butch Lowe has installed a refrigerator in his shop.

Miss Marjorie Leonard left Monday for Hanna to join the staff of the hospital there for three months. Miss Ritchie of the Calgary General hospital will take her place.

Douglas Wilson who is stationed in Nova Scotia has been promoted to leading aircraftman, having successfully passed his examinations that earned him that rank, and is awaiting now an assignment to a plane. Dr. and Mrs. A. F. Wilson are his parents.

A good congregation was present at the United church for the Day of Prayer service Sunday morning. A duet was sung by Miss Howard and Miss Leonard, the lessons were read by the wardens of the English church, F. J. Whitmarsh and L. A. Starck. Rev. Harden read some special prayers and his sermon was well thought out.

### Methods of Avoiding Dirty Eggs

1. Clean nests and litter.
2. Gather eggs frequently. (Reason high color)
3. Use rigid wire baskets (allows air to circulate and prevents sweating).
4. Have clean eggs when gathering.
5. Have clean packing (fillers and flats.)
6. Care in transferring eggs.
7. Remove cracks before marketing.
8. Keep eggs 50 degrees if possible.
9. Care in transportant.

### THE GAME GOES ON

A bomb from a German plane removed some of the tiles and some of the plaster from this English inn, but it did not stop the customers' pleasure, it merely meant that that evening they drank their pints and played their darts in the open air.
